

Catholic Schools Planning Group

Our meeting on July 15 was quite productive, as we reviewed and discussed the results of the parent surveys and also the financial reports from our finances committee. We received a total of 306 surveys, for which we are grateful. We have put together a streamlined version of the survey responses and also a 3-page report analyzing some of the responses and giving some of the key financial information. These reports are available on the parish Web site, as they're too long to include in the bulletin. To access the report, go to: www.churchstjoseph.org and click on *Metro Planning – Schools*. In August, we will meet with each of the three school boards and also be planning meetings in September to receive more feedback from parents and other interested parties at the school locations. We hope everyone will find the information we're providing useful in thinking about the future of our Catholic schools and the decisions before the committee, the parishes and the diocese.
